
GUILFORD COUNTY PARTNERSHIP FOR
EXCEPTIONAL CHILDREN

DIRECTORY OF COMMUNITY AGENCIES

**Guilford County Partnership
for Exceptional Children**

Contents

The Guilford County Partnership for Exceptional Children recognizes that the use of labels to categorize students with special needs arouses mixed feelings. As parents and professionals invested in caring for exceptional students, we believe that diagnoses or conditions no more define a child than his/her hair color or height would. For the purpose of clarity, and to help you find the information most pertinent to your family’s needs, we have chosen to organize this directory using the Areas of Eligibility as defined within special education law. However, we wish to acknowledge that these labels represent only one trait in each unique and special individual.

Guilford County Council of PTA's - School Based PTA Volunteer Trained Advocates serve as a resource guide and support to parents of exceptional students at their school. Most advocates are parents of a special needs child. The purpose of this group of dedicated volunteers is to help inform parents of local and national news related to exceptional children (EC), and act as referral source to agencies or personnel within the school system and community. This volunteer may also promote education, awareness, and sensitivity to exceptional children needs and strengths within their school community as well as encourage positive parent advocacy. PTA EC Advocates also help to distribute six issues of the "**EC Voice**", a newsletter that provides information and resources regarding EC issues and concerns. Please see the website below for a list of the schools with an EC Advocate or to get a copy of the latest **EC Voice**.

Parents as Teachers – Faith Community Network – is a parent education and family support program based on the philosophy that parents are their child’s first and most influential teachers. It strengthens the home-school-community partnership through personal visits, parent group meetings, developmental screenings and a resource network. Involvement in this program helps parents acquire the knowledge and skills they need to make a positive impact during the early years that research indicates have the greatest rate of growth, prenatal to kindergarten entry. Participation in Parents as Teachers encourages parent/child relationships that establish a firm foundation for overall health and future academic success.
